

# HOW TO THINK LIKE A FUTURIST

We **cannot delegate** our critical thinking to others. Learn the models to start to think like a futurist. Make better choices. Think more clearly. Discover new approaches.

We are all natural futurists, but as with anything worthwhile, we can become better if we put some attention and focus on developing this *professional development skill*.

## Develop these skills

This workshop will help you develop:

- Your critical thinking skills
- Your creativity, curiosity and imagination
- Your collaborative and inter-personal skills
- Your leadership insights
- Your professional development skills
- Your futures literacy

## Your Facilitator

**Charlotte Kemp** is a futures keynote presenter and consultant. She is a Professional Member of the Association of Professional Futurists, Immediate Past President of the Professional Speakers Association of Southern Africa, Vice President of the Global Speakers Federation, an author and podcaster.

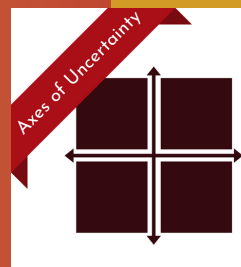

Is it a fad? A trend? An anomaly?
